We have made big changes!

- We've made updates to the look and feel of the site, so it is more intuitive to use. Check out the beautiful new Dashboard and enjoy Action Menus everywhere to help save you time.
- The planning interface has been overhauled to make planning faster and easier than ever. See all our expert suggestions at one time and simply drag and drop songs onto your outline. Previewing the sheet music and audio is available with just one click.
- Music relevant to the liturgical season will be featured on your Dashboard and you can add songs to your Playlists.
- We also hope you enjoy the little details we have taken great joy in adding, like using the liturgical season's colors as accents throughout the site.

What's in the works:

- New outlines will be easier to build with a streamlined setup process.
- The planning and sharing experience will be made easy and intuitive.
- Overhauled interface for seeing all your planned outlines at a glance, as well as an improved calendar view to easily plan your music far ahead.
- A more dynamic enrichment section to help you find useful articles and discover new music.
- A cleaned up settings section to make it easier to manage your account and the powerful features of Liturgy.com
