Assembly Edition

LOVE SO BRIGHT

Gerard Chiusano

1. O tiny babe, sleep beside your mother on this night.
You are born to all the world to shine your holy light.
Do we know the strength you have, even though so small?
Your tiny hands will hold the world and bring peace to all.

Refrain

The musical notation for the refrain is written on a single treble clef staff in 4/4 time. It begins with a key signature of one flat (Bb) and a common time signature. The melody consists of quarter and eighth notes, with lyrics written below the staff. The refrain is: "O ho - ly child, keep us near your flame to-night, and lift this wea - ry world with your love so bright. Your joy sur-rounds us now, we feel your ten - der might: keep us safe and close to you with your love so bright." The piece concludes with a double bar line.

O ho - ly child, keep us near your flame to-night,
and lift this wea - ry world with your love so bright.
Your joy sur-rounds us now, we feel your ten - der might:
keep us safe and close to you with your love so bright.

2. On this night, angels sing in joyous praise to you:
"You were born to be our king and make our hearts anew!"
Your love has come to us, you've opened ev'ry door,
and with your birth the darkness is gone for evermore!
3. Close to Mary now is the beating of your heart,
a heart we know that holds our love and can't be torn apart.
Close your eyes in slumber, you, our newborn king,
brought to us to save our souls that will forever sing:
4. With your coming to us, we shall now be strong.
The world has waited for this peace, waited for so long.
So, with all the angels we rejoice and sing your praise.
We know that you will guide us; you will light all our days!
