## Composer Notes

“Come, Receive Christ” may be sung during communion at any mass during Ordinary Time, or even during Lent. It is also suitable for masses celebrating discipleship, mission, or outreach.

Do not take it too fast. Encourage your assembly to sing the refrain and let the choir or cantor sing the verses. Make sure that the first beat of each bar in the verses sounds stronger than the second beat. If there are many people coming forward for communion play an occasional verse on a melodic instrument. Use the descant and instrumental parts to add color, rather than playing and singing them continuously.
