Composer Notes

There are different ways to introduce this song. The CD version is meant to be played in a concert setting or at rallies, retreats, etc. However, when the song is used for liturgy, a more acoustic feel is recommended...eliminating drums and adding light percussion; less electric guitar solo and more piano; brass or wind ensembles can play the intro and instrumental sections. As always, let the assembly's voice take priority. In terms of the intention and nature of the song, keep in mind that the theme is unity despite our cultural/linguistic differences, the kind of unity that is sacrificial and meaningful. Use it as a gathering song and set the tone for a bilingual liturgy, or use it as a sending forth song to promote the unity we should strive for out there in the world.

Uses: Entrance song, discipleship, global family, love for others, unity

—Santiago Fernández and Jesse Manibusan
