1. Upon the cross, an aching memory hangs,
2. Above the cross, dark storm clouds stream away
3. Before the cross, bathed in Christ’s fiery light,
4. Around the cross, a glorious garden springs

1. of One whose blood sears all our weeping pangs
2. and daylight breaks upon a new-laid way.
3. we kneel to pray upon the shards of night.
4. from ancient wastes where living water sings.

Note: When guitar and keyboard play together, keyboardists should improvise using the guitar chords above the melody.

1. with news of joy, no griefs alloy,
2. We stand before a cross-shaped door
3. The shadows flee, and we are free
4. Christ sows new peace, and without cease,

1. for Christ has banished death with Life's eternal breath.
2. Where Christ in glory stands and holds out wounded hands.
3. To raise in one glad voice a single cry, "Rejoice!"
4. Fresh harmonies well up from Love's deep brimming cup.
