Composer Notes

This bilingual hymn was composed with the journey of OCIA candidates and catechumens in mind, particularly as they approach the Rite of Election and full initiation into the Church. Drawing on rich scriptural imagery of pilgrimage, calling, and transformation, the text reflects the spiritual movement from seeking to belonging, and from longing to fulfillment in Christ. The use of both English and Spanish honors the lived reality of many parish communities in the United States, where these languages together express the unity and diversity of the Body of Christ.

Musically, the piece is designed for accessibility and participation, with a melody that can be readily learned and sung by the entire assembly in either language. It may be performed with a simple accompaniment to support congregational singing, or expanded with a fuller arrangement to suit larger or more festive liturgical celebrations. Whether used during Mass, the Rite of Election, Scrutinies, or other moments in the OCIA process, this hymn seeks to give voice to a community walking together in faith, hope, and love. May your walk with Christ on this journey be a holy one!
